EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Mitchell J. Weinstein on April 21, 2006.

2. The application has been amended as follows:

Claim 1, lines 2-3, the phrase "oriented plastic layer and a second contiguous oriented plastic" has been changed to the phrase -- monoaxially oriented plastic film layer and a second contiguous monoaxially oriented plastic film --.

3. The following is an examiner's statement of reasons for allowance: Claims are deemed allowable over the closest prior art Sidorenko et al (Canadian Patent No. 989287). While Sidorenko et al teach sandwiching paperboard between thermoplastic polymer scrims do not teach or suggest sandwiching paperboard between monoaxially oriented plastic film layers, wherein the orientation of the plastic layers cross at an angle between but not equal to zero degrees and 180 degrees (i.e. higher than zero degrees and less than 180 degrees) relative to one another.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
